

Join the Washington County Museum

Discover your own connection to the past.

Experience the rich, diverse history and culture of our region through a membership in the Washington County Museum. Exciting exhibits, educational programs, free family events, and discounts on tickets to receptions and special events take you through the full spectrum of the county's unique heritage.

Each exhibit showcases the innovative pioneering spirit of everyday people who made history, every day. Their stories come to life, thanks to our extensive collection of more than 10,000 artifacts and access to never-seen-before private collections. Explore the Robert L. Benson Research Library; a public resource containing more than 25,000 photographs as well as hundreds of one-of-a-kind maps, manuscripts and books.

Engage your family through our Crossroads Lectures, Mobile Museum, Scout Saturdays and monthly free Family Day programs. Get the inside view of local art through printmaking workshops, monthly print exhibits and free artist receptions through our partner Print Arts Northwest.

Your membership goes far beyond your personal experience. As a Member, you demonstrate that you value and support what the Museum does to ignite imaginations and actively engage the public in learning how history, art, technology and our innovative pioneering spirit have shaped today's communities – bringing to life the diverse cultures that so richly define this remarkable region.

I am interested in volunteering at the museum
 Send information about making a gift to the Museum through bequest, annuity, securities or insurance.

I have included the Washington County Museum in my will

Major Gifts

This is your opportunity to make a lasting impact.

These are exciting times at the Washington County Museum. We are undergoing an amazing transformation and actively engaging the public in learning how history, art, technology, and our innovative pioneer spirit have shaped our communities.

You have the opportunity to help complete the Museum expansion that will triple the size of the Museum, protect the existing exhibits and create new ones, tell the many stories of Washington County better than ever before, and preserve the collections. A completely new research and resource management facility will enable Museum staff and other scholars to increase our store of knowledge about our local history.

You can make it possible for us to continue adding new exhibits, family programs, and increase the outreach of our education programs, bringing to life the diverse cultures that so richly define our corner of the northwest.

Past leaders – Native Americans, pioneers, farmers, loggers, lumbermen, inventors, visionaries and dreamers – have shaped the land and livelihood through their special contributions. Now you can help us preserve their legacy while creating one of your own.

Make an investment today that will help us make the museum the most relevant cultural institution in the Portland Metro Area.
